

Mahi Bhardwaj

Java Developer | Computer Science Engineering Student

Email: mahi2509mabhardwaj@gmail.com | Phone: 9119132509 | GitHub: mahiibhardwaj

Location: India

Professional Summary

Aspiring Java Developer with strong foundations in Java, Data Structures & Algorithms, Object-Oriented Programming, DBMS, and Software Engineering. Experienced in building academic and hackathon projects, with hands-on knowledge of backend development using Spring Boot, REST APIs, MySQL, and Git. Seeking to contribute as a Java Developer at Cognizant by leveraging problem-solving and software development skills.

Education

B.Tech in Computer Science Engineering

Vellore Institute of Technology (VIT)

CGPA: 8.51/10

Technical Skills

- **Languages:** Java, C++, HTML, SQL
 - **Frameworks:** Spring Boot, Hibernate, JPA
 - **Databases:** MySQL, DBMS
 - **Core Concepts:** OOP, Collections, Multithreading, Exception Handling
 - **Tools:** Git, GitHub, Postman, VS Code, IntelliJ IDEA
 - **Other:** REST APIs, Software Engineering, DSA
-

Projects

Employee Management System

Tech Stack: Java, MySQL, HTML/CSS

- Developed an employee management system to manage employee records including add, update, delete, and search operations.
- Implemented CRUD operations with structured database connectivity.
- Designed a simple frontend interface for usability.

Smart Task Manager API (Spring Boot Project)

Tech Stack: Java, Spring Boot, Spring Security, JWT, MySQL, Maven, Postman

- Built a full-stack backend REST API for task management where users can register, log in, and manage daily tasks securely.
 - Implemented JWT-based authentication and role-based authorization for Admin/User access.
 - Developed APIs for task creation, update, deletion, priority assignment, due dates, and task status tracking.
 - Integrated MySQL database with JPA/Hibernate for persistent storage.
 - Added exception handling, validation, and API testing using Postman.
-

Experience & Leadership

Club Manager – Torque Gaming Club

- Managed club operations, events, and team coordination for large-scale college gaming activities.
- Led cross-functional teams in planning, marketing, and execution.

Creative & Design Team Lead

- Conducted interviews and managed onboarding for new team members.
 - Coordinated social media and promotional campaigns.
-

Achievements

- Participated in multiple hackathons and software development events.
 - Built frontend and backend academic projects under time constraints.
 - Strong problem-solving practice through Data Structures & Algorithms.
-

Certifications

- Solved 180+ LeetCode problems in Java, covering Arrays, Trees, Graphs, Dynamic Programming, and Sliding Window.
- Maintaining an 8.51 CGPA across 6 semesters in a competitive CSE programme.
- AWS Cloud Foundations Certificate.
- AWS Cloud Architecting Certificate.
